Cultural Activity

Post lunch visit to iconic Second Beach. It's a 23 minute drive from the ONRC to Second Beach Trail Parking. Due to limited parking, carpooling is highly encouraged. Sturdier shoes are recommended for the trail. It's a pleasant 0.7 mile walk through forest with a slight grade to the sandy beach. Low tide is 1.62 feet and 3:09 pm. We should arrive in plenty of time for tide pooling and beautiful vistas!

Mooring schedule dependent, is an optional visit afterward to the Quileute Marina for walk through tour of the R/V Storm Petrel.
